

Wain. Sea Cadets To Demonstrate At Camrose

Royal Canadian Sea Cadet Corps "EXETER" have again, been requested to demonstrate their efficiency this time at Camrose Alberta, Saturday and Sunday, Sept. 21 and 22, where R.C.S.C. "Camrose" plan a recruiting drive. 20 ratings in charge of Sub. Lieut. Bob Wilbraham will form the Guard of Honour at a fitting ceremony to be held at the Cenotaph on Saturday afternoon where after depositing the ships colours a wreath will be laid by the Commanding Officer of the local corps as a tribute to all former Sea Cadets killed in the last war. Three volleys with blank cartridges will be fired. Bugler Robinson will sound General Salute, Sunset, Last Post, Commodore's Salute and Reveille.

Participation in the church parade Sunday, Sept. 22nd, will be the Bugle Band of the R.C.S.C. "Warrior" Edmonton Colour Guard R.C.S.C. "Exeter" Wainwright, and Divisions from R.C.S.C. "Camrose".

Hi-School Highlights

SCHOOL O. ENING

By Mary Teeter

The grass which had grown up along the path to the Wainwright High School was tramped down on Tuesday, September third, when one hundred and twelve ambitious students passed over it and up steps to make up the largest enrollment in the history of the High School.

The dormitory, which has just recently been completed, has something to do with this for it provides residence for forty-one high school students—twenty one boys and twenty girls, from as far north as Battle Valley to La Perle in the south, and from Jarrow in the west to Chauvin in the east. Grade twelve consists of twenty-five pupils, grade eleven thirty-one, grade ten thirty-six and grade nine twenty—a grand total of 112 students.

Five teachers, three of whom are new, make up the staff this year. Mr. D. Smith, B.A., who has recently received his discharge from the Air Force, is the principal in charge of the school. Upon returning to civilian life he has spent the past few months preparing returned men for University at the Veterans' Training School in Edmonton. Mr. L. E. Geake, B. Sc., B. Ed., comes to us from Alberta College in Edmonton where he was employed last year. Mr. Cromie, who has special qualifications in shop, comes from Carstairs where he taught shop and other subjects in the High School. Miss Bloom, B.A., B. Ed., and Mr. Glen, B.Sc., are well-known teachers having been part of the staff last year.

The enlarged staff are to offer courses which have not been offered before in this school, these are shorthand and typing which will help the commercially minded students.

The Wainwright High School is away to a good start; let's wish it all the success in the world.

"Wetaskwin" and "Millet" a ships company of 130 officers and ratings are expected to parade.

SEA CADET NOTES

To give all Cadets their right in participating in these details which arise quite often, several younger cadets have been chosen as the Colour guard and to live up to the traditions and honour of their older shipmates, parade every night this week at 7 p.m. for one hour is very necessary. Parents are asked to see that their boys are on time and attend these special parades.

Regular parades of the Sea Cadet Corps commenced Tuesday, Sept. 10th, a new syllabus of training is being prepared. The Corps have vacancies for 20 more boys between the ages of 12 and 18 years. New entries are requested to present themselves at the ships office any parade night.

All interested persons in Sea Cadet activities are asked to attend a meeting to be held in the Town Hall Monday evening, Sept. 23rd, at 8:30 p.m. as per the Public Notice appearing elsewhere in this issue of the Star.

Edgerton Resident Dies Suddenly At Home

The death occurred on Saturday, September 14th, of George Thomas Maughan of Edgerton at the age of 60 years and 11 months.

The late Mr. Maughan was predeceased by his mother in 1930, his father in 1938 and a sister, Mrs. Lizzie Johnson of Bakersfield, Cal. in 1944.

Mr. Maughan was an early settler in the Edgerton district, coming there as a young man with his parents and family in 1906. He leaves to mourn his loss his wife, Mrs. Minnie McBeth, of Wainwright, also three brothers, Robert and Joseph of Edgerton and Walter of Vermilion; five nephews and eight nieces.

The funeral was held from the Wainwright United Church on Monday, September 16th. Rev. Mr. Whelan in charge of the service. Favorite hymns were sung, also a solo "The Old Ragged Cross" by Mrs. Sheffield. Interment was in the family plot at the Wainwright cemetery.

Floral tributes were received from the family, Rob. Hattie and family; Joe Valentine and family; Minnie, Bill and Marjorie; George and Flora; Eddie, Helen and Garry; Mr. and Mrs. Thos. Withnell, Sr.; Tom and Margaret; Nancy and family; Clara, Pearl and Frances Walther; Mr. and Mrs. E. Challenger; Mr. and Mrs. E. Wilson; Mr. and Mrs. Fred Lowe; Mr. and Mrs. L. Kilborn and family; Mr. and Mrs. Chas. Lowe; Mr. George A. Bond. Pallbearers were Messrs. Thomas Withnell, Jr., Fred Lowe, Ernie Challenger, Frank Redmond, Freeman Leggett and R. Messier.

W.I. Entertain Visitor From Irma

The monthly meeting of the W.I. was held on Thursday, Sept. 12th, at the home of Mrs. Nordstrom. There were seven members and seven visitors present. Roll call was answered by exchange of pickle recipes. Mrs. Symes, president, was in the chair. Mrs. J. C. McLean of Irma, District Director of District No. 2, paid her official visit.

After the business had been dealt with Mrs. McLean addressed the meeting. She told us the story of the birth of the Womens Institute in Alberta, the hardships of those pioneer days and what a help the W.I. was to the Farmers wives in rural districts. How the movement has grown and the wonderful work that has been done through the war years by all the Branches.

The raffie gift donated by Mrs. Nordstrom was won by Mrs. McNally.

The next meeting will be held at the home of Mrs. Flackon, Thursday, October 11th. Roll call to be answered by "Suggestions for a Party." Hostesses, Mrs. Smart and Mrs. Flack.

Public School Board Hold First Meeting Of Fall Term

The Wainwright Public School Board held its regular meeting Monday evening, September 16th, in the school with the chairman, Mrs. McLeod, presiding. There were four members present.

The meeting opened with the reading of the minutes of the previous meeting, these were moved adopted as read by trustee Callas and by trustee Huntington. Carried. Mrs. McLeod gave an outline on the work and hard effort completing the dormitory and getting the supplies yet necessary to feed the 40 boys and girls attending due to the present strike.

Regular parades of the Sea Cadet Corps commenced Tuesday, Sept. 10th, a new syllabus of training is being prepared. The Corps have vacancies for 20 more boys between the ages of 12 and 18 years. New entries are requested to present themselves at the ships office any parade night.

All interested persons in Sea Cadet activities are asked to attend a meeting to be held in the Town Hall Monday evening, Sept. 23rd, at 8:30 p.m. as per the Public Notice appearing elsewhere in this issue of the Star.

The death occurred on Saturday, September 14th, of George Thomas Maughan of Edgerton at the age of 60 years and 11 months.

The late Mr. Maughan was predeceased by his mother in 1930, his father in 1938 and a sister, Mrs. Lizzie Johnson of Bakersfield, Cal. in 1944.

Mr. Maughan was an early settler in the Edgerton district, coming there as a young man with his parents and family in 1906. The funeral was held from the Wainwright United Church on Monday, September 16th. Rev. Mr. Whelan in charge of the service. Favorite hymns were sung, also a solo "The Old Ragged Cross" by Mrs. Sheffield. Interment was in the family plot at the Wainwright cemetery.

Floral tributes were received from the family, Rob. Hattie and family; Joe Valentine and family; Minnie, Bill and Marjorie; George and Flora; Eddie, Helen and Garry; Mr. and Mrs. Thos. Withnell, Sr.; Tom and Margaret; Nancy and family; Clara, Pearl and Frances Walther; Mr. and Mrs. E. Challenger; Mr. and Mrs. E. Wilson; Mr. and Mrs. Fred Lowe; Mr. and Mrs. L. Kilborn and family; Mr. and Mrs. Chas. Lowe; Mr. George A. Bond. Pallbearers were Messrs. Thomas Withnell, Jr., Fred Lowe, Ernie Challenger, Frank Redmond, Freeman Leggett and R. Messier.

Province To Pay Students Fees

Registration and students union fees of persons entering the faculty of education at the University of Alberta will be remitted providing they enrol in courses leading to junior, elementary and intermediate teaching certificates. Hon. R. E. Anselmy, minister of education, announced Friday.

This step is being taken in an effort to cope with the serious teacher shortage in the province. The period of training for the certificate is one year and entitles the holder to give instruction in grades one to nine inclusive for a period of three years.

Mr. Anselmy said students taking advantage of the plan will be asked to sign notes and undertake to teach in Alberta for three years. One-third of the amount of the fees will be cancelled for each full year of teaching. Persons leaving the profession before completing the three-year term will be expected to reimburse the government for the portions of the fees rebated.

For prospective students who have already signified their intention to train in the faculty of education, registrations will commence Sept. 16 as planned. Late registrations will be received up to Sept. 21.

The minister appealed to young persons who have not yet selected their profession to enter the field of education.

BUTTER & MEAT COUPONS EXPIRED ON SEPT. 1

With the invalidating of butter coupons R10 to R17 and meat coupons M40 to M50 in the hands of consumers on August 31, the Ration Administration of the Wartime Prices and Trade Board has reminded dealers in these commodities that such coupons may be used for the purchase of supplies until September 7 only. An additional seven days, (until September 14) are being allowed in which to deposit the coupons in bank transfer vouchers.

"Beaver" and "Buffalo" coupons are not affected by the change and will continue to be valid until declared otherwise by the Ration Administration.

Bicycle Thefts Reported In Town

Climaxing a series of petty thievery, two bicycles were stolen from the front of the theatre last Wednesday night, September 11th.

There have been many of the incidents happening in Wainwright in the past while, and while being more or less a case of borrowing the bike without the owners consent, last weeks incident looked as if a bit of spite was brought into play.

Masters Rodney Kosh and Buddy Leggett were the unfortunate this time when their bicycles were stolen from the theatre. The bicycles were found on Friday last down by the flour mill in town with the wheels and spokes badly damaged.

While there have been no prosecutions for an act of this nature, the town policemen warn that if they catch anyone like this they will bring swift censure of the law on the culprits. He stated that there has been too many of these goings-on and the only way to stop them is to set an example by prosecution.

If we might add at this time, it might help safeguard against theft if the owners would purchase a lock and see that on leaving their bicycles they are securely locked. Even a small lock will make the thief think twice before stealing.

Camrose Sea Cadets Plan 2 Day Program

In conjunction with Sea Cadet Corps across Canada, and under a plan authorized by the Department of National Defence, Naval Service, and sponsored by the Navy League of Canada, Camrose Sea Cadet Corps is planning a two-day function to take place on Saturday and Sunday, September 21st and 22nd.

Object of the plan is to interest the general public in Sea Cadet activities and to encourage eligible boys to join the organization. Plans for the Camrose display provide for the visit to Camrose of a precision squad of Cadets from Wainwright, about 15 in number, and a similar number of Cadets from the Wetaskiwin Corps.

The Wainwright squad was a valuable comment from the Commanding Officer of Nonsuch Naval Barracks, Edmonton, when they gave a display recently in the city.

The Cadets from Wainwright and Wetaskiwin will arrive on Saturday and will join the Camrose Corps in a parade to be held on Main Street during the afternoon.

In the evening the visiting Cadets will be guests at a specially arranged program in the high school. The high school auditorium will be suitably decorated and the evening will take the form of the first regular high school dance of the season. Students of Wetaskiwin high school will be invited to attend.

On Sunday a church parade will be held with the Camrose, Wainwright and Wetaskiwin Cadets participating.

In addition 35 members of the drum and bugle band of Edmonton Sea Cadet Corps "Warrior" will be in hand to lead the parade.

Following the church parade there will be a "March Past" and inspection on Main Street. During the inspection the band will play and the Wainwright precision squad will give a demonstration.

—Camrose Canadian

Local Couple Mark Golden Wed. Anniver.

Congratulations are in order for Mr. and Mrs. William Pigeon who celebrated their golden wedding anniversary on Sunday, September 15th.

This couple were married at the Manse in Colchester, Essex County, Ontario by Rev. Whalen. They have one daughter, four sons, thirteen grandchildren and two great grandchildren all living. They came to Wainwright in 1913 and have lived here until the present.

The occasion was fittingly marked by a family dinner in honor of "the bride and groom" held in the Wainwright Hotel Dining room.

Business Changing Hands Must Be Reported to W.P.T.B.

Whenever any business changes hands, the sale or transfer must be reported to the Wartime Prices and Trade Board which will thereupon issue a new license to the purchaser upon application. It was pointed out today by officers of the Prices Board.

Every business, whether manufacturing goods or commodities or buying goods or commodities for resale, or operating as a services business, is required to hold a license from the Wartime Prices and Trade Board under the provisions of Board order No. 600 respecting licensing.

A Wartime Prices and Trade Board license is not transferable, consequently, when a business is sold or when any change in the ownership occurs, or if a business is suspended, the license covering it must be returned to the board for cancellation. The new owner is then required to submit an application for license in his or her own name.

Those commencing entirely new businesses, among whom are many ex-service men and women, should apply to the Board to determine whether or not the new venture will require to be licensed.

IN MEMORIAM
In loving memory of our dear son and brother, Alton Edward Hill, killed in action September 17th, 1944.
Far away our beloved one,
You sleep among the brave,
Where no tears of those that love you,
Can fall upon your grave.
Ever remembered by
DAD AND
BROTHER GORDON,
Vancouver, B.C.

Mr. Nider stated that his loss is partially covered by insurance, but due to the present high prices he will have a serious time in making good a great deal of it. All his papers and other valuable possessions which are irreplaceable were in the fire and not saved.

Mr. Nider stated that his loss is partially covered by insurance, but due to the present high prices he will have a serious time in making good a great deal of it. All his papers and other valuable possessions which are irreplaceable were in the fire and not saved.

Ration Board Have Busy Session

Under the direction of Mrs. A. S. Rattray and Mrs. D. Dundas, Ration Book No. 6 was distributed in the Masonic Hall during the last three days of last week.

Many volunteer helpers were recruited for the tiresome task of writing out 266,000 Ration Books. The volunteer helpers who helped on different days were Messdames G. Pigeon, Nugent, Wilbraham, R. Taylor, R. Ganderion, C. McDonald, J. Mitchell, J. Davidson and L. Mitchell.

Thursday, September 12th, was the biggest day with 1461 books being issued by the committee.

Friday was somewhat slower issuing only 867. Saturday, being the farmers shopping day one would expect that there would be a land office business to be done, but there were only 326 books issued on that day.

This issue of books exceeds the last issue by more than 385 books. This is no doubt due to the number of returned servicemen and women who are now back in the district who were in the services during the last issue.

Returns for the complete area are not available at press time as reports have not been received by the local ration office in town. Next weeks issue will carry a complete list of the whole district covered by Ration Board No. E22.

Statesmen prepare realistically for world disaster but just hope sentimentally for a new world.

The atomic bomb may mean the end unless we make a new beginning.

18-9

Car Reported Stolen Last Week

Attempt Theft Of Other Cars Other Cars Looted

Last Wednesday night, September 11th, there was great activity in the town when many cars were gone through some owners reporting losses, and a car, a 1923 Dodge coupe belonging to Mr. J. A. Lippert was stolen from in front of the owners home.

Mr. R. Leggett reported to the police on Thursday morning that his car had been tampered with on the night before when he found his car had been pushed three quarters of a block down the street. The thieves, in an attempt to start the car, cut all the wiring under the dash hoping to find them so the vehicle would run. Failing to do this they abandoned the auto and scouted around for another car that would be easier picking.

Mr. J. Peacock reported that a camera was stolen from his truck, as well as many others reporting that their car had been ransacked. Mr. G. McCuskey, when entering his car in the morning, noticed that

the glove compartment had been gone through and all the items were strewn over the front seat and floor. The vandals were seen attempting to start a truck of the Brown Geophysical Co. about 1:00 a.m., but at the time the person seeing this incident did not suspect anything if the necessary precautions were taken to make sure that the car is locked at night.

No Violence Reported Here In Strike

Up to press time there has been no violence reported in the Wainwright area during the recent Farmers Strike called by the A.F.U. over 12 days ago.

There has been very few deliveries made to the processing agencies such as elevators, egg grading stations, etc., while Wainwright's milk supply is on a normal basis.

The farmers as a whole, being members or not, are in sympathy with the strike, as most towns people, and acting accordingly. There is the odd case of cream being delivered to the railway for transportation to the creameries, but the number of shipments made has fallen off to a noticeable degree.

Wainwright is suffering a serious egg shortage which is the most notable aspect of the non delivery strike.

Meat is still in good supply with neither butcher shop in town experiencing any shortage. They estimate that there is still a weeks supply at least in the town.

Meat is still in good supply with neither butcher shop in town experiencing any shortage. They estimate that there is still a weeks supply at least in the town.

Communications

Wainwright, Alberta
Sept. 14, 1946.

To The Editor,
Wainwright Star,
Wainwright, Alta.
Dear Sir,

In the last edition of your paper appeared a notice of a meeting in the interest of the Sea Cadet movement, and if any word of mine can influence anyone to attend, I shall feel grateful.

We have seen these fine lads on parade in our town for some years now. We must all have been struck by their smartness, and I have yet to learn of any Sea Cadet or ex Sea Cadet being involved in any juvenile delinquency or objectionable behavior.

Apart from all this, it is perhaps as a stabilizing influence that they deserve the support of every one of us.

The greatest war of all history has ended in victory, but the aftermath is bewildering. Gratitude for deliverance appears to have turned to hatred and mistrust. The great powers seem further from agreement with each edition of the press and our mighty war effort, the pride of Canada and the admiration of our allies, has dissolved in strikes, bitterness and turmoil.

Do not let us add to this by withholding our support from any organization whose influence is for good. The Sea Cadets are boys now, tomorrow they will be the men to whom we will turn for support and guidance. Upon their shoulders will fall the burdens of the future. Let's all support them!

I thank you for your generosity in allowing me this space.

Yours gratefully,
CHAS. H. HORN,
One of The Sea Cadet Committee.

CARD OF THANKS

We wish to thank all those who gave assistance and floral tributes to us in our bereavement.

THE MAUGHAN AND McBETH FAMILIES.

The Wainwright Branch of the Canadian Legion wish to attach to the Memorial Clock Tower in Wainwright a tablet inscribed with the names of those men and women of Wainwright and District who, while serving in the Armed Forces, laid down their lives in World War II.

It will be appreciated if relatives and friends will send in these names to us prior to October 15th. Next names and initials are all that is required, neither rank nor regiment need be mentioned.

Secretary, Canadian Legion,
16-10 Wainwright, Alberta.

HEATH

Mrs. Morton Herbert entertained a few friends at her birthday afternoon on the occasion of her birthday.
Mr. and Mrs. Miller of Victoria, Mr. and Mrs. E. Smith of Vermilion were also guests at her home to enjoy a visit with her mother Mrs. Cummings.
Frances Patterson and Richard Rajotte are staying at the dormitory.

GILT EDGE

Mr. and Mrs. Peter Spady have as their guest Mrs. Spady's mother, Mrs. A. Spence of Edmonton.
Several threshing machines are humming in the district and if the weather keeps dry the harvesting should soon be completed.
Mr. and Mrs. A. D. Gallucci of Yakima, Washington, motored here to visit with Mrs. Gallucci's parents Mr. and Mrs. D. McClennon for a few days last week.

Miss Leona Rathwell arrived home last Thursday from her nursing duties at Ninette and plans to be here a month.
The W.M.S. of the Gilt Edge church met at the home of Mrs. Frank McClennon on Thursday, September 12th, with six members and two visitors present. Miss Farris, deaconess gave a talk on temperance and was followed by a chapter from the mission book, "The Glory of the Impossible" which was read by Mrs. P. Spady. At the close of the meeting a delicious lunch was served by Mrs. McClennon.
Mrs. E. Sheridan and son Tommy were visitors at the home of Mr. and Mrs. P. Spady on Thursday of last week.

A family reunion was held at the home of Mr. and Mrs. D. McClennon on Saturday evening of last week in honor of Mr. and Mrs. A. D. Gallucci of Yakima, Wash. On Sunday evening a similar reunion was held when Mr. and Mrs. Joe McClennon were hosts to the gathering.
Misses Elsie and Joan Harris visited over the week-end at the home of Mr. and Mrs. G. Peacock.

On Monday evening Mr. and Mrs. Ed. Plaxton entertained at a dinner for Mr. and Mrs. A. D. Gallucci and Mr. and Mrs. D. McClennon.

Mrs. Levi LaFrance has been a patient at the local hospital the past week. We hope to see her home again soon. Mrs. W. LaFrance of Wainwright is staying with her son Levi.

in Wainwright while attending High School this year.

Pickets have been at Heath during the week and supported the A.F.U. strike. Opinions on the wisdom of the strike seem to vary but most of the farmers are co-operating.

Word has been received that Mrs. Thos. Scott, who was well known to the old timers south of Heath, passed away on Saturday night at her home at Ardara.

Mr. and Mrs. Spornitz have as their guests their daughter and son-in-law, Mr. and Mrs. Saker of Manville.

If you keep hitting the nail on the head it becomes a sore point.

Dr. J. R. McParland
CHIROPRACTOR
will be at the
WAINWRIGHT HOTEL
EVERY WEDNESDAY
Starting August 7th
hours: 11-12 and 2-6

Strike Action Brief

Strike Action Brief Alberta
Farmers' Union
together with
United Farmers of Canada
(Saskatchewan Section)
presented to
Dominion Cabinet in August, 1946

This brief is being presented by the Alberta Farmers' Union and the United Farmers of Canada (Saskatchewan Section), representing a total of 162,000 members.

This delegation has come to Ottawa with a very definite purpose. Since their inception, the farm organizations which we represent, have worked to one end, and that is to secure parity for the Agricultural portion of our population.

By Parity, we mean a division of the National Income which will ensure the farmers their fair share. According to latest available figures, Agriculture now receives about 20% of the National Income, notwithstanding the fact that one-third of the people of Canada are employed in Agriculture.

During the war, Canadian farmers submitted to intolerable conditions, to assist the National War effort, but they will now no longer tolerate such disparity. The dissatisfaction engendered by this situation is seriously affecting production in the West at the present time.

We consider the announced desire of the Food and Agriculture Organization (F.A.O.) to establish a definite measure of stability in the Agricultural Industry, in order that a maximum production of high quality food may at all times be available, to be of the utmost importance to us at this time.

It is the considered opinion of the Western Canadian farmers that to maintain a high rate of efficient production it is absolutely essential that farmers be paid a price for their products that will provide an equitable standard of living.

We maintain that any price paid for farm produce which prevents efficient producers from maintaining a high operational and living standard, must ultimately result in reduced production, lower consumption, lower caloric intake and consequent malnutrition, keeping in mind the possible future need for some means of stabilization and possibly, controlled production.

With a view to remedying the conditions outlined in this preamble, we are submitting for your consideration, the following definite requests and urge immediate action on same:

1. The immediate establishment of a permanent fact-finding board to determine Parity Prices, personnel of such board to be appointed equally by Farmers' direct membership organizations, Labor, Business, and Government.

2. Prices for all farm products to be set on a basis of Parity as soon as such basis can be established by the fact-finding board, such prices to be open to revision at any time.

3. Farm Prices until Parity is established:
(a) Floor price for wheat \$1.55 per bushel basis No. 1 Fort William for all wheat produced.
(b) Other farm products to be maintained at present levels.
(c) Prices of all goods which affect farm production costs to be reinstated as of September 10, 1945.

(d) Abolition of the present Domestic Price system on wheat whereby the Canadian public is subsidized at the expense of the wheat producer.

(e) Participation Certificates for each year's wheat crop to be settled separately as soon as the crop is disposed of.

4. Revision of the system of bonuses on feed grains whereby the livestock feeder who raises his own feed grain will also receive the full benefit of the bonuses.

5. Removal of the .3c Federal Gasoline War Measures Tax.

6. Income Tax laws to be amended to conform with brief presented by Canadian Federation of Agriculture.

7. Co-op Institutions should not be considered in the same category as joint Stock Companies and should therefore not be subject to any corporation or income tax.

8. A revision of the freight rate policy which discriminates against Western Canada.

EDGERTON

Mrs. Walter Ger and daughters returned from Toronto where they have been visiting for the last two months.

Geff Miles has delivered another new Mercury car, this one to Kevin Wolf.

Mr. Robert Fair, M.P. and Mrs. Fair were business visitors here Wednesday.

Mr. John Taylor returned home Wednesday from a three weeks visit to his son at Red Deer.

Worthy Darling has been home visiting his parents for a few days.

Thursday, Friday and Saturday were busy days at the Telephone Office when No. 6 Ration Book was being issued. Over eleven hundred books were given out.

Mrs. Dud Sawyer was a business visitor to the city.
Ruth Phillips was down from Edmonton visiting her parents over the week-end.

Mrs. E. Evans returned Monday from a hospital in Edmonton and is convalescing at Mrs. Bullymores.

Miss E. E. Wallis spent a few days visiting at Chevin and Ribstone.

Sunday School has recommenced at St. Mary's Church and is at 11:00 a.m. every Sunday morning.

Harvest Thanksgiving Service will be held in St. Mary's church Sunday, September 29th, at 7:30 p.m. This will be the Rev. W. Brooks last service before his return to Winnipeg for the winter months.

A number of Legion members have been busy improving the inside of the Memorial Hall and Sam Wilson has been kindly giving his services in carrying out the work. The balcony has been extended forward which will bring the project of nearer the screen.

A fence has been erected around St. Mary's church which has greatly improved the appearance of the property.

WHITE CLOUD

Mr. and Mrs. R. Tierney made their annual visit to this part of the country, both in the best of health.

Miss Fern and Audrey Gardiner Betty Babb, Mary Teeter and Mr. Kenneth Teeter are attending the High school in Wainwright this term.

Threshers humming, hay racks rattling, it is a nice season of the year.

Miss Alice Dickout is helping Mrs. Mac Tondou these days.

9. The fullest possible use and expansion of the Port of Churchill.

10. Immediate abolition of the Winnipeg Grain Exchange.

Respectfully submitted,
—ADVT.

To those who did not get NEW RATION BOOKS!

It is not possible to issue new Ration books to consumers who apply in person at Local Ration Boards or at Ration Branches.

If you did not secure your new book during official "Distribution Week"—then mail your application card to any Local Ration Board or Ration Branch in your vicinity.

Your application is to be made on the green card, marked RB.191, at the back of your present book No. 5.

Be sure that the card is filled in completely before mailing, and that your name and address are printed.

DELAYED APPLICATIONS will have to be cleared through the main office of the Ration Administration—and your new book will be mailed you as soon as possible.

THE MILK DELIVERIES

As most everyone is aware, the milk and cream deliveries during the A.F.U. strike are to cease according to instructions from head office in Edmonton. Wainwright has not suffered any shortage of these commodities due to the generosity of different farmers in the district either who are under contract to the supplying of milk to the dairies, or who have been on picket lines and have allowed the milk to pass. No one can deny that the stoppage of milk and cream is the greatest weapon that the A.F.U. yields.

There are very few people in the different towns would like to see these deliveries stopped, but they also realize that by stopping the deliveries more pressure could be brought to bear on Ottawa authorities to set up the parity price board.

To insure that milk and cream are to be delivered would it not be advisable that the Town Council and the Board of Trade send telegrams to the proper places in Ottawa, pointing out the urgency of such action on their behalf.

There were very few townspeople and businessmen alike who were in favor of the farmers strike at the start, but now that the farmers have shown the initiative and gone ahead with their plans, sympathy for the farmers demands are gaining ground.

Let us not take the attitude that the milk and cream have come through thus far and will continue to do so. They might be stopped at any time and if that is the case, there will be many a sorry family.

By explaining our views to Ottawa we might in this way help further the farmers plight and shorten the time that the farmers will have to withhold their produce from market. Action now, unless it has already been done, is what is needed.

LET'S LIGHT-UP THE TOWN

By reading over the other small weekly papers we have noticed that one town is in the process of installing up-to-date and modern lighting facilities on its main streets, with several other towns already having this convenience.

This is a sadly lacking feature in Wainwright. That our main street is poorly lit at night is only too well known by most customers and businessmen.

Just by way of a suggestion, could Wainwright not have these modern light standards installed for three or four blocks on the main drag. The expense would not necessarily be too heavy and could in all possibility be taken care of out of yearly estimates. If a system of underground wiring were installed it would cost greater, but this we think would not be necessary.

The Calgary Power Company would in all probability have to be consulted as they are the one place that have engineers to design projects of this nature.

In our opinion it would be a step in the right direction for the Town Council to approach this firm to have estimates given. If at that time the cost was found to be out of all reason with the importance of this step, it then could be dropped and nothing more said.

If Wainwright could adopt a system of street lighting that would provide for three or four light standards on each side of the street in the block it would go a long way to dressing up the town, thereby enticing more and more out of town trade on Saturday night, if at no other time of the week.

This is something that should be given careful consideration. Most small town folk marvel at the way a city is lighted. The same would hold true here. Shoppers would then likely prefer Wainwright to shop in over adjoining towns that now are receiving their business.

FARMING NOTES

By Prov. Dept. of Agriculture

HARVESTING LEGUME SEED

Knowledge of harvesting legume seeds has not kept pace with the rapid increase in production of these crops. To take up this slack the Alberta Department of Agriculture surveyed the situation in 1945 and made some detailed studies. On the basis of this work and practical farm experience certain suggestions may now be made.

A number of combines were tested and it was found that in all cases satisfactory results could be obtained if manufacturers' recommendations with regard to attachments and adjustments were followed.

Further studies are necessary but tentative recommendations for the different crops are as follows: Alfalfa should be harvested with the binder, tied in small sheaves, stacked in small stacks and threshed from the stack or stack with a properly equipped and adjusted threshing machine. An alternative method is to straight combine. Some pods are likely to break off but the loss is not thought to be serious.

Sweet clover should be cut with a binder and threshed with a threshing machine in the same manner as recommended for alfalfa.

Alfalfa clover can be harvested most economically by the direct combine method.

Alfalfa clover should be windrowed using a long pen-harvester type of windrower on the cutter bar of the mower. This should be done in most years between August 20th and September 1st and may be picked up with a combine as soon as it is dry. If a combine is not available stacking and threshing with a threshing machine will prove satisfactory.

WEEDS AND THE FARMER

This is the time of year when weed infestation really show up. Even the good farmer may find that weed infestation has occurred in spite of the attention given to his fields. This man will solve his problem by changing his farming methods.

There is the other case however, where the same weedy fields are noticeable year after year. A serious note in this connection is

struck by the Field Crops Commissioner, A. M. Wilson. Farmers, he says, have an obligation and a responsibility in maintaining the productivity of the soil. Failing in this responsibility is sufficient reason to have these fields made available for proper cultivation by those citizens who are capable and anxious for the opportunity.

In many districts of the province excellent crops are being harvested. High yields of clean grain should be sufficient to demonstrate the need for good farming practices. Good soil, if properly handled, will return excellent yields. If it is abused or improperly cultivated weeds will flourish.

There is no time like the present to rehabilitate weed infested land. Thorough fall cultivation, where soil drifting is not likely to occur, will do much towards bringing perennial weeds under control. Light surface cultivation just before freeze-up will induce early spring germination of annuals.

OVERCROWDING THE LAYING QUARTERS

Early hatched and early maturing pullets are now being placed in the laying quarters and numerous requests are arriving at the office of the Poultry Commissioner about various troubles developing with the pullets. The Poultry Commissioner, C. W. Traves, says that practically all these troubles are due to overcrowding and to faulty management and feeding.

Many farmers buy more chicks and raise more pullets than they have laying house accommodation for. Birds of the heavier breeds such as Barred Rocks and Hampshire require four square feet of floor space per bird while those of the lighter breeds such as Leghorns require three and one half square feet. In pens holding 200 birds or more the space may be reduced by one quarter or one half square foot per bird.

Overcrowding of pullets causes feather pulling and cannibalism, loss of body development, and consequent loss of vitality which tends to bring on colds and roup. This all adds up to unnecessary mortality and loss of egg production. Remember that the pullets have been used to lots of fresh air and space on the range. In the laying quarters their space is limited and all windows should be wide open to allow as much fresh air as possible. Give a liberal supply of green feed each day. They should have a hopper of developing mash before them until they are laying at least 40%. Then gradually change to laying or breeders mash.

Good quality whole oats should be available to the birds at all times.

If you have too many pullets for the laying accommodation remember that you will get more eggs and larger eggs, with less mortality, from 150 pullets in proper quarters than from 200 overcrowded pullets in the same quarters. Usually there is a demand of good prices for your surplus pullets if they are well developed birds. A small advertisement in your local paper helps to sell the surplus.

Remember that overcrowding of the pullets in laying quarters is possibly the worst feature of the poultry business that we have to contend with each fall.

VACCINATION FOR T.B.

Vaccine as a preventive of tuberculosis will be discussed by T.B. specialists from all points in Canada at the annual meeting in Calgary of the Canadian Tuberculosis Association, September 9, 10 and 11. Discussion will follow a paper by Dr. R. G. Ferguson, medical director of the Saskatchewan Anti-Tuberculosis League.

The vaccine is named B.C.G. (bacillus Calmette-Guerin) after the two French doctors who developed it.

Dr. Ferguson will describe the use of B.C.G. in some Saskatchewan hospitals and sanatoria, where considerable success has attended its use. Great interest was aroused in the United States following Dr. Ferguson's paper at the annual meeting of the National Tuberculosis Association.

The first mass-conducted test of B.C.G. in the American States was among 3,000 American Indians from 1 year old to 50 years old in four Western States and in villages of Southeast Alaska. Results indicate that B.C.G. gives definite protection against tuberculosis.

Hosts to the Canadian Tuberculosis Association will be the Alberta Tuberculosis Associations, owners of the Mobile Chest X-ray Units operated by the department of health, which have to date given free chest X-rays to over 200,000 Albertans.

SOAPLESS SUDS

The scarcity of soap in stores these days has brought many soapless cleaning products to our attention. Here are some facts from the Home Economics Service about these preparations and suggestions as to their use in the home.

Like soap, these new products increase the "wetting power" of water so that it reaches the innermost parts of the material. Many of them cause water to wet material even more effectively than soap. In hard water they have an advantage over soap. Because they do not combine with the minerals that cause hardness in water, as soap does, they clean as well in hard as in soft water. Because their solutions are not alkaline, they can be used with some fabrics and dyes that will be injured by soap. In hard water they do not give the cloudiness characteristic of soap. While they may appear expensive a little goes a long way.

These products should not be thought of as soap. They do not remove some kind of soil that soap removes. On the other hand they remove fats and oils so completely that it is advisable to use creams and lotions on your hands as they tend to dry the skin.

These products are excellent for washing greasy dishes, removing grease from frying pans, oven and broiler, cleaning bathroom fixtures and sinks of hard water deposits, and cleaning clothing that has become greasy and stiffened by washing with soap in hard water.

Some of these products must be used sparingly if at all on linoleum, paint, furniture, and other material in which oil is an important constituent. However, some of the newer preparations are made especially for cleaning paint and linoleum. It is important to read the labels on the packages which tell where and how these products may be used.

HERO CAFE

Main Street

Wainwright

He can't always wait for his money...

The firm you work for may operate a large plant, with costly machinery, and still need ready cash. That's because months often pass before its products are finished, and sold, and paid for. Meanwhile, it has a payroll to meet every Friday...

BANK CREDIT BRIDGES THE FINANCIAL GAP

Every day, business firms make use of bank loans to keep men working, machines running, goods flowing. This bank credit may be used to meet continuing expenses while goods are being processed; to build up stocks of raw materials; to purchase component parts. As finished goods reach the market and payment is received, the loan is repaid.

Enterprising farmers, fishermen, merchants—all make similar use of bank credit to meet their short-term financial needs. Thus your bank helps Canadians maintain steady operations—to take advantage of market opportunities both at home and abroad—to grow. And this, in turn means more work, more goods, a higher standard of living for you and for every Canadian.

Like
the
Rain

INFLATION is no respecter of persons. Like the rain, it falls on the just and the unjust alike.

If, through free and careless spending, inflation should descend upon Canada as it has upon many other nations, its evil would fall upon everyone.

Upon the shiftless, the thrifless, and the black market patrons... Yes...

But inflation's evil would fall equally on the "just"—those decent, honest, prudent citizens who observe the law and do not seek to satisfy selfish whims to the detriment of the community.

These, fortunately, are Canada's majority... these are Canada's No. 1 citizens. In their hands lies victory over inflation.

Here are their five cardinal points in personal financing:

- Hold on to Victory Bonds and Certificates.
- Buy only those goods which are in fair supply and save money for the day when goods are in short supply will be readily available.
- Avoid black market purchases.
- Keep up insurance.
- Build up savings accounts.

This is conservation—the first requisite of personal security—the first attribute of good citizenship.

BANK OF MONTREAL
working with Canadians in every walk of life since 1817

This is why we say:

If You Are
a No. 1 Citizen
You will look after
No. 1...

This is not selfishness, but the realization that a community is no better, no sounder than its citizens.

SAVE FOR YOURSELF... AND YOU SAVE FOR CANADA

Hints for the Household

FALL PLENTY FOR WINTER MENUS

Fall plenty makes the home-makers job of planning meals a much more simple affair. However, during the winter when this variety is just a pleasant memory, the fruit cellar can supply many a sealer of vegetables or fruit or jam to help dress up the winter meals.

Applesauce is a versatile addition to any fruit cellar. It can be used as an accompaniment to meat, as a basis for a pudding or in a pie. It is also a way, at the present time, of conserving those windfalls from the orchard which might otherwise go to waste. Applesauce may be canned without sugar, and then sweetened later when it is used. In this way, it need not make inroads on the canning sugar wanted for doing other late fruits.

The home economists of the Dominion Department of Agriculture's Consumer Section recommend the following directions for canning unsweetened applesauce, making a plum jam, and for immediate employment, they include a recipe for Plum Roly Poly.

Canned Applesauce

Make applesauce in the usual way but omit the sugar. Pack hot into clean hot sealers or plain tin cans. Leave a headspace of 1/4 inch. Adjust rubber rings and glass tops on screw or spring top sealers, and partially seal. Completely seal tin cans. Process in the boiling water bath for 15 minutes for pints, quarts and twenty and twenty-eight ounce cans.

PLUM JAM

(using plums other than Damsons)
8 cups pitted, quartered plums
1/2 cup water
4 1/2 cups sugar

Place prepared plums and water in kettle. Simmer, uncovered, 10 minutes. Add sugar and boil 6 to 8 minutes, stirring frequently to prevent sticking. Pour into hot, sterilized jars, cool slightly and wax. Yield: about 6 1/2 cups. To test consistency of jam, remove kettle from the heat, place a spoonful on a chilled saucer and cool quickly. If the jam does not set to the proper thickness, return kettle to heat and continue to boil a minute or two longer and repeat the test.

Plum Roly Poly
3 cups halved or quartered, pitted sweet plums
1/2 to 2/3 cup sugar
1/4 teaspoon salt
1 1/3 cups boiling water

Wash plums and cut in halves or quarters, removing pits. Add boiling water to sugar and salt, bring to boiling point. Add plums and simmer 3 minutes. Strain off syrup and reserve.

1 1/4 cups sifted all-purpose flour
3 teaspoons baking powder
3/4 teaspoon salt
2 tablespoons sugar
3 tablespoons mild-flavoured fat
1/2 cup milk

Mix and sift dry ingredients. Cut in fat, using two knives or a pastry blender, until the mixture resembles fine bread crumbs. Add milk to make a soft dough. Turn out on a lightly floured board and roll in a rectangle 1/4 inch thick. Spread plums over dough and roll like a jelly roll. Place in a greased bread tin and pour 1/2 cup of the plum syrup over the roll. Bake in a hot oven, 425°F., for 25 to 30 minutes. Serve hot with the following sauce:

1 1/4 cups syrup from plums
2 1/2 teaspoons corn starch
OR 5 teaspoons flour
2 tablespoons cold water

Measure syrup remaining and if necessary add water to make up 1 1/4 cups. Bring to boiling point. Mix cornstarch or flour with cold water and stir into boiling syrup; cook 10 minutes, stirring frequently.

Remove from heat and add almond extract. Yield: 3 servings.

CANADIAN SNOWBALLS
Here is one of the very best cookies from the long-keeping point of view, quite comparable to shortbread.

1 cup once-sifted pastry flour or 3/4 cup once-sifted bread flour
Pinch of salt
8 tbsps. butter
1 tbsps. fine granulated sugar
1 tsp. vanilla
1 cup coarsely-chopped nuts

Sifted icing sugar.
Measure sifted flour and add salt. Cream butter and blend in the sugar; mix in vanilla and the nuts; if being used, sift in the flour mixture, half at a time, and combine after each addition. Work in a little additional flour if necessary to make a dough which can be handled between the palms of the hands. Roll in balls about the size of a very small walnut or, if preferred, shape as fingers. Place on an ungreased cookie pan and bake in a slow oven, 300° F., about 20 to 25 minutes. When cold, roll in sifted icing sugar.

APPLESauce HERMITS
Old-fashioned hermits with a new-fashioned slant.
1 cup once-sifted pastry flour or 3/4 cup once-sifted bread flour
1 teaspoon ground cinnamon
1/2 teaspoon grated nutmeg
1/2 teaspoon ground cloves
1/2 teaspoon salt
1 cup graham or whole wheat flour
3/4 cup wheat germ
8 tbsps. butter
1 cup lightly packed brown sugar
1 egg, well beaten
1 cup sieved sweetened applesauce
1/2 tsp. baking soda
1 cup seedless raisins
1 cup coarsely-chopped nuts
1 cup crisp oven-popped rice cereal or crisp ready-cooked bran cereal (slightly crushed) or a mixture of the two.

Measure sifted flour and add cinnamon, nutmeg, cloves and salt. Sift together once. Mix in graham flour and wheat germ. Cream butter and gradually blend in brown sugar; add the well-beaten egg and combine very thoroughly. Measure applesauce into a bowl and add baking soda; combine well at once (if the applesauce is left in the cup when the soda is added, it will bubble over). Add about half of the dry mixture to butter mixture and combine; add remaining dry mixture and combine. Mix in seedless raisins, nuts and your choice of cereal. Drop mixture by spoonfuls an inch apart on a greased cookie pan and press each slightly flat, using a couple of floured fingers. Bake in a moderately hot oven, 375° F., about 18 minutes.

PRICES BOARD OUTLINES FLOUR REGULATIONS

Following the recent announcement in Parliament by the acting Prime Minister, the Right Honourable Louis St. Laurent, Wartime Prices and Trade Board announced that the order restricting the domestic usage of wheat for human consumption to ninety per cent of the consumption level of 1945 was suspended effective September 1st. This restriction order was issued on March 27, 1946, by the Canadian Wheat Board, acting in its capacity as Administrator under the War-time Prices and Trade Board. At the same time, related administrative directives to flour millers and other processors of wheat and to biscuit manufacturers are also being withdrawn.

In making this announcement, Donald Gordon, Prices Board chair man, stressed the fact that while the restriction order is being suspended, the Flour Administrator, C. H. G. Short, will continue to supervise the distribution of flour, and will partially enforce the Board regulation prohibiting conditional sales of flour to buyers of feeds.

During the period in which the ninety per cent limitation order was in effect, excess inventories of flour have been used up, and complaints regarding conditional sales of flour through feed merchants have almost entirely ceased.

Mr. Gordon appealed to all persons concerned to report to the nearest office of the Board any instances of bad distribution practices of this kind to prevent any further outbreaks.

He also stated that it would be quite useless for those who are victimized in this manner to grumble about it, unless they were willing to come forward with evidence which would lead to prosecutions.

"The Board," he said, "would be prepared to act promptly, and would provide protection to anyone who would assist in stamping out conditional sales."

"Moreover," he stated, "the Flour Administrator has been authorized to keep close supervision over the mills and to take all necessary steps to prevent wastage."

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. Jas. Eales of Hughenden at the Wainwright municipal hospital on September 12th, a boy.

BORN—To Mr. and Mrs. Albert Cartier of Wainwright at the Wainwright municipal hospital on September 13th, a girl.

Miss Leona Rathwell, R.N., arrived home from her nursing duties near Winnipeg to spend a month's holiday with her family here.

Mrs. Mary O'Reilly, Mrs. J. Stinert and Mrs. O. Grotzke spent a few days last week visiting with Mrs. Clara O'Reilly in Edmonton.

Mr. and Mrs. J. Bryant from Baldwin Park, California, Mr. and Mrs. Julius Springer, of New York, N.Y. and Mr. Jake Springer of Manfred, North Dakota, were visiting the Gehring families and other relatives and friends in town last week having motored here from New York.

Mr. and Mrs. D. Fitzgerald and family returned home the first of the week to Entwistle after a holiday spent at the home of their parents, Mr. and Mrs. P. T. Haywood.

Mrs. M. Lally is back 'on the job' at the post office after her well-earned annual holiday.

Mr. Saul Taunt of Tacoma, Washington was in town over the week-end, a guest of Mrs. W. Long and Mrs. N. Huntingford.

Guests at the home of Cpl. and Mrs. D. Beeching this week are Mrs. Beeching's parents, Mr. and Mrs. H. L. Bender of Vegreville.

Miss Jeanette Grotzke of Jasper was in town visiting her parents between trains one day last week.

Mrs. Watcher arrived home from the city on Saturday night's train.

Mrs. H. Ward, Jr. left on Sunday to spend a holiday with relatives at the coast.

Mrs. M. McLeod and Mrs. J. W. Reid spent a few days visiting in the city last week returning home on Saturday.

Weekly Prayer Meeting

Mr. and Mrs. J. Alderman were visitors to Edmonton last week.

Mrs. E. J. Cotton of Elk Island Park is visiting with her parents and other relatives in town.

Mr. Cliff Abernethy returned home this week after a holiday from his duties at the liquor vendors.

Mrs. W. Wischburn was a visitor to the city last week.

Constable W. Morrison, R.C.M.P. has returned to his duties here after a holiday spent visiting at his home in Toronto.

Mrs. B. Sharp and Mrs. A. Sharp returned home on Saturday's train after a few days in Edmonton.

Mr. Harvey Ward arrived here from Jasper on Monday to spend a few days visiting in town.

Mr. Reg. Hughes is quite proud these days, having shot down a wild turkey on the fly which dressed over 5 lbs. and has a 5 to 6 ft. wing spread.

Mrs. W. O'Connor enjoyed a visit last week from her nephew who was here for a short visit from Madoc, Ont.

Dr. O. Hauck, our local dentist, is enjoying his annual holiday from the office.

Mr. and Mrs. Earl Lane returned home the first of the week from a holiday spent in Edmonton and other points west.

Mrs. F. McLeod was a 'tripper to the city for a few days last week.

Mr. Gerald Nicholson is spending a short holiday at home before returning to university to continue his studies. He has spent the summer in the southern part of the province on government survey work.

Miss Joyce Hedley of Edmonton is visiting in town with Miss Marguerite Chantier this week.

PREPARING LIST
CADETS WHO SERVED

An honor roll of former Sea Cadets who served in Canada's armed forces in the Second Great War is being prepared by the Navy League of Canada and co-operation of Wainwrightians and northern Albertans is asked to complete the project.

Record of service, awards, and other information, should be sent by each former cadet or relative to L. W. Aldridge, secretary, Northern Alberta division of the Navy League, Bank of Montreal building. The league also wants a record of former cadets who fell in the service of their country and asks that next-of-kin supply the needed information.

Sept. 27-28—"Tomorrow Is Forever"
Sept. 30 & Oct. 1—"Yank In London"

RECENT NEWLY-WEDS HONORED AT GATHERINGS

Mrs. C. Gundry-White (nee Jean Simpson) was guest of honor on Tuesday evening of last week when Miss Boda Nordstrom entertained at a miscellaneous shower for her. Those present included the staffs from the Bank of Montreal and the Treasury Branch and a pleasant evening of games and contests was enjoyed by all. Later a decorated basket laden with many beautiful and useful gifts was carried in and presented to Mrs. Gundry-White who suitably thanked all those present. The hostess served a delicious lunch before the gathering dispersed.

On Saturday night of last week, Mr. and Mrs. C. Gundry-White were truly surprised when some thirty of their young friends called to chivari them on the occasion of their recent marriage. After much noise and hilarity, the party was invited in and a social evening was had after which a sumptuous lunch which the guests provided was enjoyed by all.

PANIC BUYING BRINGS SHORTAGES SOMETIMES

According to a recent statement by the Wartime Prices and Trade Board, panic buying has caused practically every shortage in Canada during recent months.

As soon as the word "shortage" is mentioned, people all over the country rush to their nearest store and buy much more than they require for their actual needs. Prices Board officials point out that in one day the retail stores can be cleaned out of several months' supplies of such things as flour, salt, soap, and any other item which is in short supply. If everybody made normal purchases there would be a fair share of these items for all.

NEW ALBERTA ROAD CONTRACTS AWARDED

At the present rate of progress, the provincial road program for the current season will be completed before freeze-up, according to information which the Alberta Motor Association has received from the public works department. Traffic is moving on the main highway between Calgary and Edmonton, all detours having been dispensed with. Hard surfacing on the Calgary-Crossfield section has been extended to Disbursy.

A contract has been awarded for the construction of a new Alx-Stettler highway, while the grading of the Calgary-Drumheller highway also is under way. This is expected to be finished this season. Good progress is reported on the completion of the grading and graveling of the High Prairie-Grande Prairie highway. Reports also reveal that steady progress is being made on the new highway from Grimshaw to Great Slave Lake in the north country.

Notice to Creditors and Claimants

IN THE ESTATE OF JOSEPH
SALUSTE CARON, late of the Town
of Wainwright, in the Province of
Alberta, Retired, Deceased.

NOTICE IS HEREBY GIVEN that
all persons having claims upon the
Estate of the above named, Joseph
Saluste Caron who died on the 17th
day of February, A.D. 1946, are re-
quired to file with J. A. MacKen-
zie, K.C. of Wainwright, Alberta, by
the 2nd day of November, A.D. 1946,
a full statement, duly verified of their
claims and of any securities held by
them, and that after that date the
Executors will distribute the assets
of the deceased among the parties en-
titled thereto, having regard only
to the claims of which notice has
been so filed, or which have been
brought to their knowledge.
DATED this 3rd day of September,
A.D. 1946.

SIMPLE SAFEGUARDS

Sanitation as well as safety-con-
sciousness demand that those
little danger spots around the home
office or workshop be attended to
at once. The Department of National
Health and Welfare, Ottawa, re-
minds householders, for example,
to "fix that worn piece of carpet,
that loose step, the wobbly chair
banister." Another tip concerns
broom handles. If broken or splin-
tered, articles which are in use
should be repaired and the broken
pieces replaced. Someone may get
a dangerous ailment in the hand.

FORM "C" THE DOMESTIC ANIMALS ACT (MUNICIPALITIES) Sale and Redemption of Impounded Animals (Sec. 48)

Notice is hereby given under Sec-
tion 48 of The Domestic Animals Act
(Municipalities) that 1 Black Mare,
branded X over diamond left
shoulder, five years of age, was
impounded in the pound kept
by H. C. Driver, located on the
SW 33-45-4-4 on Monday the 18th
day of July A.D. 1946, and that
the said animal was sold on the 2nd
day of August 1946, to Gordon
James of Wainwright and that said
animal may be redeemed by the owner
or on his behalf within a period of
thirty days from the publication of
this notice in The Alberta Gazette,
upon payment of all fees and costs
due to the municipality and the pur-
chaser of said animal.
For information apply to the un-
derigned.

The List That Shows Who and Where

If you are an EATON customer
there is a stencil of your name
and address at EATON'S Mail
Order in Wainwright. Your at-
tention, with hundreds of thousands
of others, makes up the mailing
list. Space is a problem, but the
hard job is keeping this list up-
to date. It would be easy if peo-
ple just remained the same; but
they grow up, marry, die and
about 7,000 of them move to new
addresses every month. To keep
track of all these changes re-
quires the time of a large staff.
YOU can help, too, by notifying us
of any change of address. All
this work is done so that
EATON'S customers receive
EATON'S Catalogue regularly.

T. EATON CO.

EATON'S

"SIGN OF FALLING LEAVES"

One sure sign of autumn is the
arrival of talent hunters. This week
CICA played host to John Adams
and Ross McEae—producer and pro-
moter, respectively. The talent-
hungry visitors spent a day in Ed-
monton listening to entrants aspir-
ing for spots on the Trans-Canada
"Singing Stars of Tomorrow" pro-
gram.

Messrs. Adams and McEae spoke
enthusiastically about the quality
of talent hereabouts, though they
were somewhat disappointed over
the quantity of budding songstres-
ses that performed before "the
mike".

Local radio men expect that at
least one and probably two young
"future stars" will earn a spot on
the forthcoming series of programs.
"Singing Stars of Tomorrow", spon-
sored for the fourth successive
season will be heard over CICA at
3:30 p.m. Sundays commencing
November 3.

Yes, autumn leaves can now be-
gin to fall.

HEALTHFUL WATER

Warning that water can be an
instrument of death as well as of
life and health, the Department of
National Health and Welfare—has
issued a reminder of the dangers
of pollution of water sources. The
health authorities point out that
water should never be used for
washing, swimming or cooking
purposes, much less for drinking,
unless its source and purity have
been certified by public health en-
gineers.

HAND CLEANSERS

Use of industrial chemicals and
solvents as hand cleaners is frowned
upon by authorities of the De-
partment of National Health and
Welfare. The department has issued
a warning against indiscriminate
use of such cleansers as turpentine,
gasoline, kerosene, alcohol, acids
and alkalis, and has pointed out
that the safest cleanser is hot water
and mild soap. The warning is ad-
dressed particularly to those in
factories.

PUBLIC NOTICE

IN THE ESTATE OF BRUCE
NICHOLLA, late of Wainwright, in
the Province of Alberta, Farmer de-
ceased.

NOTICE IS HEREBY GIVEN that
all persons having claims upon the
Estate of Bruce Nicholla, the above
named deceased, who died on the
14th day of May AD 1946, are re-
quired to file with the underigned
Solicitor for the Executor of the said
Estate, at Wainwright aforesaid, by
the first day of December AD 1946
a full statement, duly verified, by
affidavit, of their claims; and after
that date the Executor will proceed
to distribute the Estate among the
parties entitled thereto, having re-
gard only to the claims of which
notice has been so filed, or which
have been brought to his notice.
DATED AT WAINWRIGHT, this
7th day of August AD 1946.

M. G. CARDELL.

PUBLIC MEETING

A Public Meeting will be held
in the Council Chamber of the
Town Hall on Monday, September
23rd at 8:30 p.m. sharp for the
purpose of appointing members
to the local Sea Cadet Committee
and for discussing ways and means
of promoting the welfare of the
Corps. All are invited to attend
whether or not directly interested.

By Order

Wainwright Sea Cadet
Committee.

THE CAR SENSATION OF THE AGE... the 'Jeep'

READY TO DRIVE AWAY

- Buy It Today!
- Drive It Away!
- Put It to Work at Once!

The Jeep-of-all-Jobs Masters them all!

Here are a Few of the Many Uses for a JEEP

- It's a TRUCK!
The Universal "Jeep" carries a load of 800 lbs. or more a 2,500 lb. trailer pay-load. With 4-wheel drive, the "Jeep" goes places ordinary trucks cannot go.
- It's a TRACTOR!
The "Jeep", with four wheels pulling, works speedily and efficiently as a tractor... operating plows, harrows, seeders, mowers spreaders, and other harvesters, etc.
- It's a MOBILE POWER UNIT!
Through an ingenious remote power take-off, the "Jeep" delivers up to 30 h.p. for operation of power devices... it takes the power where you want it.
- It's a SUBARUIT!
The "Jeep" is handy for trips to lower... road speeds up to 60. You can depend on your "Jeep" through mud, snow and sand... it goes where ordinary cars cannot.
- It's the UNIVERSAL "JEEP"!

Its amazing versatility makes the "Jeep" the slickest trick on wheels!

When you need a handy pick-up or delivery truck... load up your "Jeep"; or hook on a trailer! When there's plowing or discing or harrowing to be done... "harness" up your "Jeep"! When you need mobile power to saw wood, pump water, spray trees or operate any power device... hook up the power take-off on your "Jeep". When you want a runabout... hop into your "Jeep"!

Come in and see for yourself how this one vehicle will fill a multitude of your needs... and spread its cost over year-round everyday use. Choose from three colours—orange, yellow or green.

See... Drive...
